COMMENTS FROM THE TOWN MANAGER'S OFFICE

Two 11,000 mercury vapor street lights have been installed by the Carter Equipment Company. Mr. Carter signed a contract with the town for this service for a period of ten years, he agreeing to reimburse the town in full each year for the cost of the lights. It may be noted that the lights are installed on the back side of the poles facing his place of business. This was done at his request, and the request was granted in view of the fact that he is paying for the lights.

At the April 5th meeting of the Selectmen it was voted that the 1961 State Aid funds be expended on Route 35 commencing at the end of the 1960 work. The 1961 fund amounts to $8,294, this is $634 less than last year. The reason for the decrease is due to the fact that the State Tax Assessor has reduced the state valuation of the town from $3,700,000 to $3,600,000. This valuation is used as a base to determine the amount of state aid funds. Thus the less the valuation the less the state aid. However a reduction in the state valuation will bring a reduction in the county tax, providing the county budget is the same as last year. An increase in the county budget will wipe out any savings. As yet no report has been received from the county as to the amount of the county tax for 1961.

Early last year a hearing was conducted by the County Commissioners relative to discontinuing certain sections of Route 26 between Bethel and Locke Mills that had been abandoned when the new road was constructed. A letter was recently received stating that those sections had been discontinued.

Sincerely,
Harold L. Bean

CANCER CRUSADE CHAIRMAN NAMED

Mrs. Richard Bryant, chairman, Northern Oxford County Cancer Crusade wishes to announce that the Bethel Chairman for 1961 is Mrs. John Trinward. Her assistants are Mrs. John Young, Mrs. Addison Saunders, Dr. John Trinward, Treasurer, and Mrs. Howard Cole, Education Chairman.

It is well to review some of the facts of the history of the Cancer Crusade in order to be well-informed when the volunteer solicitor stops at your door.

Last year more than 270,000 people in the United States died of Cancer. Almost half of these people could have been saved had they recognized the Danger Signals and visited their doctor at once for early diagnosis and prompt treatment.

Large sums are being spent to bring the medical profession the latest information on the diagnosis and treatment of cancer, and the Society is actively helping those who now have cancer and are in special need.

Cancer strikes one in four —you can strike back by helping to raise the money that makes RESEARCH, EDUCATION AND SERVICE possible.

The following volunteers will participate in the house-to-house canvass:

Gilead Home Burns After Explosion

The home of Mr. and Mrs. Lester Witter in Gilead village was burned beyond repair Sunday afternoon. Only a freezer, electric ironer and a small amount of clothing was saved. The loss is estimated at $20,000 which was partially covered by insurance.

The house was one of the most modern in town, being built about 20 years ago by Irving Leighton.

The cause of the fire is not known. An explosion, evidently caused by excessive heat, which blew open doors and windows was the first warning, and first arrivals found only smoke and no fire in sight. No one was at home at the time.

The Bethel fire department was called and the water from the tank truck is credited with holding the blaze in check during the delay while 3,000 feet of hose was extended to Wild River. The nearby buildings, including a residence, overnight cottages and two stores were not damaged.

This is the second time in a year that Gilead village homes have been lost by fire. The Amedee Fisette residence burned last November. The town is without fire fighting service of any kind since selling their equipment several years ago, and has never installed "dry hydrants" by which out of town pumpers could reach water readily.

SUNDAY RIVER SKIWAY CLOSES FOR THE SEASON

Although ample snow cover was recently reinforced by a new snowfall, Sunday River this week closed for the season. A continuous 109 days of skiing with consistently good to excellent conditions provided a banner year for Sunday River. An expanded trail system increased lift revenue for the area by 52% and brought many new converts to the Bethel resort.

Despite a winter of light storms in Northern New England, Sunday River held its cover throughout. Week end waiting lines at the lift, growing attendance notwithstanding, averaged only seven minutes. During the winter, family groups predominated, all taking advantage of the varied terrain and friendly atmosphere.

GOULD SENIOR PLAY BEGINNING TO TAKE SHAPE

With three weeks to go until the May fifth production date, the Gould Senior Play, "The Loves of Dobie Gillis," with its large cast of twenty-four Academy thespians, is slowly rounding into presentable condition under Mr. Thompson's direction. If the hilarity present at many of the rehearsals is any measure of the farce's power to produce laughs, then the Bethel public is in for a rib-tickling evening.

The weekly TV Dobie Gillis program, known to many TV viewers, gives some idea of the character of the teen-ager who always manages to emerge from his dilemmas with a victorious smile. Caught in a web of his own spinning, he is beset on all sides; his dad, his high school principal, his English teacher, the school's "big man on campus," and the girl of his dreams, all are on his trail. How he solves his problems, including the hiring of "Stella Kawalski's Schotisshe Clown Band" to substitute for a name band at the big Homecoming Dance, all furnishes two hours of hilarious comedy.

Through the years many Bethel citizens have marked the occasion of the Senior Play at Gould as a "must" on their date calendars. It helps to revive pleasant memories of their own participation in years past. The current production gives promise of meeting the standards of past years in presenting an evening of real entertainment.

Dr. Kneeland will be in New York attending a convention this week end.

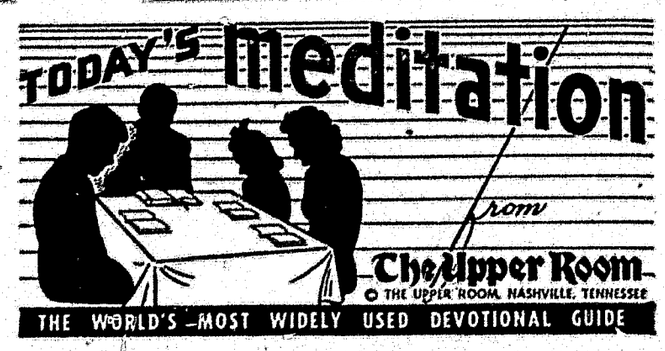
TODAY'S meditation from The Upper Room



Thursday, April 13

Read Acts 1:1-18

That which we have seen and heard declare we unto you. (I John 1:3).

Recently I read the story of Sardon Masih, a sweeper in one of the hotels of a hill city among the mountains of Kashmir. Every afternoon he gathers around him the servants and cooks of that hotel and holds a sort of Bible class with them. He tells them about Jesus, the Saviour of mankind.

We, too, are called to witness to the love of God, and this is our great commission. When we have the divine light shining in our lives, we radiate it to others. We want to tell the story of what we have seen and experienced. We can tell what Christ has done for us. We experience overflowing joy when we witness about the redeeming love of the Son of God.

PRAYER: Our heavenly Father, give us strength and insight to use our wisdom and experience not for ourselves, but for others. Help us that they may become stronger through our witness. Use us as witnesses to Thy Holy Word and to the redemptive power of Thy love. May Thy divine light shine on all who are still in darkness, that all men may accept Christ as their Redeemer and pray as He taught us, "Our Father who art in heaven...Amen."

Thought For The Day

When we have the divine light shining in our hearts, our lives radiate it to others.

THE UPPER ROOM

IN MEMORIAM
RUTH KING CARTER

Again we bow to the cruelty of fleeting time and mourn the passing of our good neighbor and dauntless friend, Ruth King Carter.

Born and reared in Bethel, daughter of one of the oldest families, she was rightfully and fiercely proud of her town and heritage.

After graduating from Gould Academy she attended New England Conservatory of Music and was a musician of exceptional talent. For many years she conducted dancing classes in and around Boston where her husband was employed. Their summers were spent in Maine and here their affiliations, interests, and loyalties were centered.

She was a valued member of the Ladies Club and her sound judgment and cheerful willingness to pitch in and make a success of any project leaves this church organization with an irreparable loss.

A capable gardener and an expert on Flower Arrangement, Ruth was ever identified with garden clubs, floral exhibits and often served with credit and pleasure as a judge at flower shows. With a small group of civic minded women she helped to plant the shrubs and evergreens that beautify the Bethel Library.

For ten years she has served with sound insight on the buying and reading book committee of our Bethel Library Association. With the changing quality of new books her stout convictions and criticisms have commanded respect and borne weight. Her place here will be difficult to fill.

She was a voracious reader. She said she read everything, and she did. History, fiction, biography, non-fiction, mystery, crime and westerns were all grist to the mill of her excellent mind. Her memory was phenomenal and she retained the worthwhile and rejected the trifling and the trash.

Contentment in her home, appreciation of the beauties of nature, and the love of family and friends made her life a happy one of satisfying service.

Of the many volunteer tasks to which she gave her strength and talents each was done with diligence and finished upon honor.

Life is Eternal and
Love is Immortal and
Death is only a Horizon, the
limit of our sight.

COUNTRY FLAVOR
TIME OF CHANGE

April is not a favorite month with many. But those who live close to the land and intimately with the weather, know that in spite of raw winds and pelting rains this is a period of profound change.

The first thin wave of green is spreading over fields, meadows and upland pastures. Snow still lies in woodland ravines but the south slopes have warmed, and green threads are being woven for the season's new covering.

It is a long and patience-testing drawbridge from March to May, but if one keeps in mind that he cannot hurry the crossing, he can more fully appreciate the miracle of awakening life. Robins, redwings and song sparrows are practicing their dawn chorus; flickers shout across the fields and pheasants challenge from the hedgerows.

Each day there is change. If the weather Man sends mild, sunny days the change is rapid; but even if April brings cold rains and cloudy days, the change goes on. When a storm is over and the sun shines again in a blue sky, one notices that the lilac buds have swollen and that forsythia buds are breaking their scales.

Long ago the time of change was summarized in flowing words. "For lo! the winter is past, the rain is over and gone; the flowers appear on the earth. The time of the singing of birds is come and the voice of the turtle is heard in the land." Philosophers tell us that change is a basic law of life. The countryman is not a philosopher although he tries to be philosophical. He is glad to see the changes in April for he knows that true spring will soon be here.

Riding a bike is a lot of fun. However, there are certain rules which should always be followed. The State Police list ten of these:
